

Request for Proposal

The Bow Foundation

Announces Research Grant Money

\$100,000 US for

GNAO1-related neurodevelopmental disorders

DEADLINE FOR INITIAL ONE-PAGE PRE-APPLICATION:

Friday, August 16, 2019 (11:59 pm ET)

The Bow Foundation is accepting applications for a \$100,000 US for scientific and/or clinical research studies focused on GNAO1-related neurodevelopmental disorders. The Bow Foundation is a USA based not-for-profit charitable organization founded by parents of children with GNAO1 disorders. Funds are raised by parents, families, and friends globally with the aim of increasing scientific knowledge about GNAO1.

Research Objectives

Grants will be awarded to qualified independent researchers to launch GNAO1-related scientific research studies or clinical trials, the results of which can be used to obtain future research funding from other funding agencies. The areas of study may include but are not limited to therapeutics, small molecules, genetic therapies, clinic studies, etc.

Application Procedure

All of the following application elements must be received by Friday, August 16, 2019 (11:59 pm ET). Incomplete applications will not be considered. For electronic submission (preferred), all application elements should be merged into a single PDF file and sent to research@bowfoundation.org with “Bow Foundation Abstract Proposal” as the subject line.

- Letter of Intent including:
 - 1-page specific aims
 - ½ page lay abstract
 - brief budget outline
 - biographical sketch and bibliography for principal investigator
 - list of co-investigators, if applicable

Grant funds cannot be used for indirect or overhead costs.

FULL PROPOSALS

- Full proposal invitations will be issued via email in September 2019.

- Application requirements for full proposals will accompany these invitations.
- Full proposal will be approximately 6 pages, NIH R-21 format, including a 1-page abstract and 1-page of specific aims.

AWARDING OF GRANT

- Award announcements will be made via email.
